F2 Manager

Release note

Version 1.90.4

F2 Manager version 1.90.4 release note

Dear F2 user,

Welcome to release note 1.90.4 for cBrain F2 Manager.

In this version we have fixed certain bugs in F2 Manager.

A summary of the bug fixes is presented below.

- Fixed a bug that could pose a threat to security when receiving PDF files containing malicious code. The following CVEs were handled: CVE-2022-25313, CVE-2022-25314, CVE-2022-25315, CVE-2022-25235, and CVE-2022-25236.

- Fixed a bug that caused F2 Manager to crash when a user attempted to share a document that no longer existed.

- Fixed a bug that caused F2 Manager to crash when a user attempted to remove an approval received through chat orientation, and the user in the meantime had been removed as a chat participant.
